

PENDING CHOP LABS
ON A SCHEDULED WOOD CHPS OUTPATIENT VISIT

NOTE: When a study patient’s labs will be drawn during a scheduled visit in Wood CHPS Outpatient, orders **must** be placed directly on the **WOOD CHPS OUTPATIENT** scheduled visit (**do not use “Orders Only” encounter**). Orders can be placed on a future Wood CHPS appointment.

Required: Log in to **WOOD CHPS OUTPATIENT**. This ensures the **correct order class** for lab orders that can be released easily by the CHPS staff.

Open patient’s future visit from the **WOOD CHPS OUTPATIENT** schedule.

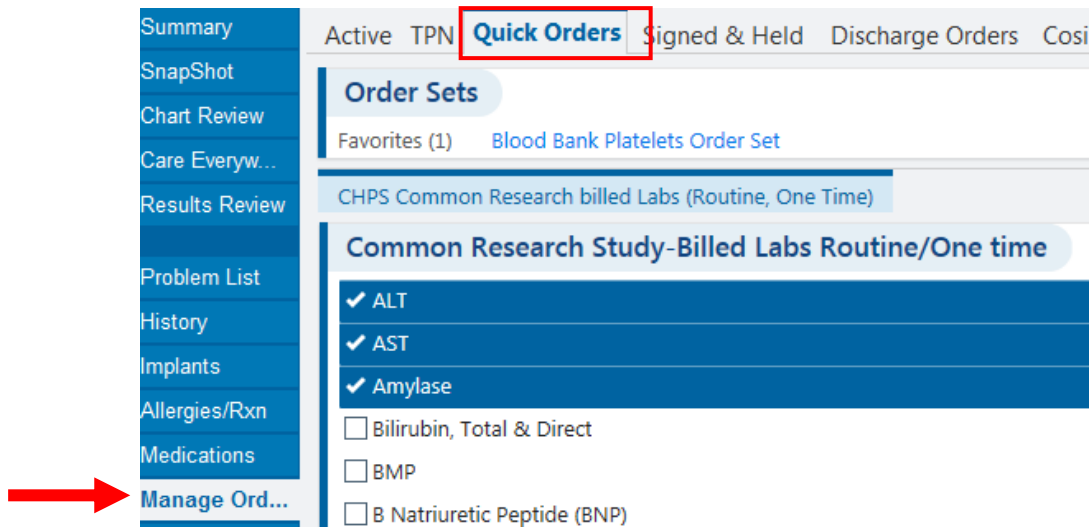

3

Manage Orders > “Quick Orders” tab.

This is a list of commonly ordered CHOP Labs for CHPS.

Defaults = Clinician to Collect; Routine; One Time.

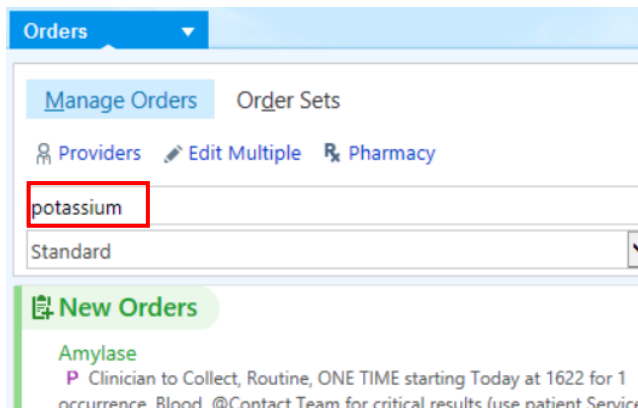

Change the Starting Date to the day of the visit for all selected orders.

4

Desired lab not on the Quick Orders list?

- Sidebar > order search.

- Be sure to select **“During Visit Procedures”**.

The screenshot shows a dialog box titled "Pend/Save Work" with a close button (X) in the top right corner. The main text asks, "Is this work ready for others to view?". Below this, there are two buttons: "Ready" (highlighted with a red box) and "Not Ready". To the right of these buttons, it says "These orders will be visible to all users." Below the buttons is a text input field with the placeholder text "Add a message to these orders (200 character limit)". At the bottom right, there are two buttons: "Pend/Save Work" (with a green checkmark icon) and "Cancel" (with a red X icon). A red arrow points to the "Pend/Save Work" button.
